In June 1891, the
Asst. Resident was asked
to obtain the sanction
of the British Govt.
to the increase of

pay Rs 55) proposed

to be given from 1st
April 1891 to Chennai.

In communicating
indication of the Bombay
Govt. to the above
increase, the apt. Resident
referred the Durbar
to his letter no 949

723^d March 1892,
and observed that
any increase of pay
given to the ^{above} official
by the Durbar subsequent
to 7th January 1889
would not count
towards pension. This
was communicated to
the apt. Res. Survey.

The Supt Revenue
survey now submits
an appeal from the
official in question, who
is now retired, in the
matter of his pension.

Chennabasappa
prays that his pension
may be calculated
on the average of
pay which he drew
immediately prior to
his retirement.
Although the British
Govt. may not be willing
to bear the propor-
tionate pension earned
on pay increased since
7th Jan 1899, yet
the Supt. presumes
the intention is not
to forbid the Mysore
Govt. from granting
the full pension.

British Govt. does

it stood on that
date. Looking at
the very few instances
of pension to be dealt
with to officers who
have served under
the British Govt. and
having regard to the
palpably just nature
of the applicants'
claim in the present

recommends that in
this as in all similar
cases the full pension

Dated Bangalore, 23rd March 1892.

SIR,

The question of the application of the new or the old rates of contribution for pension to the officials of the Bombay Presidency employed in the Revenue Survey Department of the Mysore State has engaged the attention of Government for some time past and I am now directed to communicate the following instructions of the Government of India:

- (a) The contribution of the officers in question should be fixed, and their pension sanctioned by the Government of Bombay.
- (b) As regards the incidence of the cost of the pensions, the pensions

would under the rules now in force be divided between the Bombay Government (for the early service before transfer to Mysore), the Mysore State (for that service in Mysore prior to October 1902), and the Government of India (for the service from October 1902). From 1st April 1892, however, the orders requiring payment of the charge between Imperial and Bombay Provincial revenues will cease to have force; and the portion of the pensions payable from British Indian Revenues will from that date be borne by the Provincial revenues of the Province in which the pensions are paid.

2 The Government of Bombay have directed that the contribution of the six officials named in the margin should be levied at the new rates on the net salaries

The Chief Secretary to the

Sir,

I have the honor to submit for the consideration and Orders of the Government of Mysore an appeal from Channasappa bin Baswanappa, Karkun, ... the Revenue Survey Officer's Office, now retired, in the matter of his pension. The circumstances are as follow

2 The applicant prays that his pension may be calculated on the average of pay which he drew immediately prior to his retirement.

In letter N^o 1374 dated 27th April 1892
from the ^{669.7} First Assistant to the Resident
in

in Mysore to the Dewan of Mysore the principle is laid down that any increase of pay given by the Durbar to two officials of the Bombay Presidency specified in the said letter, subsequent to 7th January 1889 will not count towards pension. I presume that although the British Government may not be willing to bear the proportionate pension earned on pay increased since 7th January 1889, the intention is not to forbid the Mysore Government from granting the full pension earned, so long as the British Government does not pay more than the proportionate pension on pay as it stood on 7th January 1889.

3 Looking at the very few instances of pension to be dealt with to officers who have service under the British Government and having regard to the palpably just nature of the applicant's claim in the present instance, I beg to recommend that in this as in all similar cases the full pension under Rules be granted, the difference between the proportionate pension as calculated on pay prior and subsequent to 1st January 1889 respectively being borne by the Mysore Government.

To 477

Col. J. P. Grant
Superintendent Revenue Survey
Mysore

Most Respected Sir

With due diffidence and humble submission, I Chembasappa bin Basappa beg leave to approach your honor with the following few lines for your honor's kind consideration

In the Department under your honor's control there are officials of pure Mysore as well as British service respectively. It is well known that all these officials are under your honor's benign administration treated alike without any distinction whatever in respect of leave, promotion &c. But to my great astonishment, I find that the increase of pay given to me subsequent to 7th January 1889 will not count towards Pension (Vide Government Proceeding No. 2631-2 dated 14th May last communicated to me through my immediate Superior Mr. Mackay Assistant Superintendent). Here distinction, may partially, so to speak, seem to be entertained as much as the British official who in the ordinary course of departmental increments gets an increase of pay along

along with his colleague - an official of pure
Mysore service is made to forfeit his propor-
tionate pensionary benefit while the latter
(an official of pure Mysore service) does
inquestionably as a matter of course, if not
of right derive such a benefit

It may be that the British Government
is not inclined to bear the proportionate share
of Pension on the increased rate of pay, on the
ground that no contribution is received for
the same; but a refusal to grant pension to a
British official on his average salary proper,
on the part of the Government (Mysore Govt.
in this case) which was and has been liberal
enough to give increments to such an official
as a matter of course, is surely very hard on him

What I now earnestly solicit is that
your honour will kindly take into consideration
this typical case of a faithful official of
Government who has so fairly earned his
pension after completing uninterrupted service
of 42 years in the Department under your
honour's control and recommend my Pension
being calculated on the average emoluments
based on the pay which I drew immediately
before my retirement and which has never
been treated as other than pay proper, and the
same (such pension) being granted to me
by the Mysore Government alone

42 years
pure Mysore
service
17 British

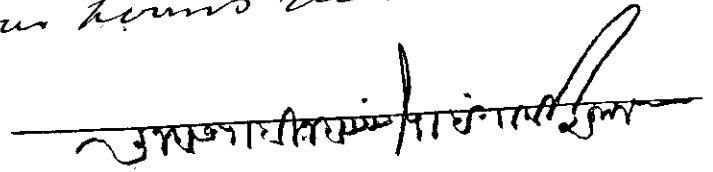

In conclusion I beg to pray that
as the formal application for pension on
my behalf is now being prepared, an
early consideration of the matters herein
submitted will give justice to the petitioner

For which act of generosity, the petitioner
shall as in duty bound ever pray for your
hours long life and prosperity

Dated 14th September 1922
Bangalore

I beg to remain
Most Respected Sir

Your humble most obedt. servt.
